Education

University of Oregon

2021 - 2025

- Bachelor of Science - Majoring in Business Administration and minoring in Computer Science.

Experience

Oregon Blockchain Group

May 2023 - Present

Director of Education

- Taught new members blockchains basics weekly by producing hour-long educational presentations so members can engage with group meetings and deliverables.
- Helped member's understanding by answering questions concisely so complex concepts are retained.

Oregon Blockchain Group

October 2021 - May 2023

Blockchain Analyst

- Communicated digitally by producing educational threads which increased social media engagement and garnered an average of 700 views per thread.
- Assisted in creating BlockTalk meets by sourcing topical news stories in the Web3 space for member discussions.
- Recruited members from promoting my graphic design for meetings, events, and social media.
- Presented slides in educational meetings for new members to understand basic blockchain concepts.

Waverley Country Club

July 2021 - September 2021

Riverside/Patio/Grille Server

- Maintained workstation by keeping it clean to be ready for incoming orders.
- Served member's by communicating clearly, allowing for more efficient workflow.
- Coordinated events to maximize member satisfaction, resulted in member retention.

Waverley Country Club

June 2019 - June 2020

Golf Caddy (A Tier)

- Promoted from B to A caddy from my experience and being requested numerous times by members.
- Trained new caddies by demonstrating golf etiquette and club rules making experienced future caddies.
- Provided assistance to members by carrying bags, taking range, filling divots, raking bunkers, washing balls, and clubs, which contributed to improved game performance and member relations.

CNFR, College National Finals Rodeo

July 2018

Mail filer

- Assisted students and organizers by sending and receiving mail for CNFR so students could get scholarships for rodeo competitions.

Atomic Closet

2018 - On Hold

Head Collector

- Created an online store in 2018 named Atomic Closet to sell vintage and designer clothing.
- Managed garment supply, promoted through social media, and consistently shipped fast at low cost.
